The 2003 Phoenix Awards were presented to Firefighters and 911 Communications Center Dispatchers at a presentation on May 18, 2004 at Fire Station #1. Those on hand for the presentations included: Mayor Coleen Seng, Chief Mike Spadt, Assistant Chief Rich Furasek and 911 Communications Coordinator, Julie Righter

The Phoenix Award is presented annually to those who "handled a medical emergency, and through his/her efforts gave someone another chance at life, reborn, just as the mythical phoenix bird."

"And he went up, and lay upon the child, and put his mouth  
upon his mouth, and his eyes upon his eyes, and his hands  
upon his hands; and he stretched himself upon the child;  
and the flesh of the child waxed warm."

CONGRATULATIONS and THANK YOU to these 911 Center Dispatchers for their commendable actions and performance in the line of duty!
